## FIFTEEN KILLED WHEN LUMBER CAR HITS INTERURBAN

**Breaks From Train and  
Rushes Down Sleep Grade  
at Terrific Speed.**

**Nine Bodies Removed From  
Burning Mine.**

**OTHERS ARE BURIED IN THERE**

Wilkesbarre, Pa., Nov. 10.—Nine bodies were recovered from the Auchinglass colliery of the Delaware, Lackawanna and Western Coal company at Nanticoke, where a squad of nine workers were shut in by fire last night following an explosion. The number missing is estimated at between five and ten. There is little chance they are alive. The fire was fought all night. It is believed now to be under control, but it is still burning.

**Fifteen People Killed.**  
Vancouver, B. C., Nov. 10.—Fifteen were killed and 20 injured today when a car loaded with heavy timber broke away from a freight train being switched near Lakeview and sped down hill, colliding with a passenger interurban, according to reports, received here. Seeing the freight car approaching, the motorman shouted to the passengers to jump, reversed the controller and jumped himself. Few passengers had time to escape. They were killed like rats in a trap. Few were uninjured. Fifteen bodies were laid out at Lakeview station, resembling a charnel house. The injured were cared for at private residences, pending the arrival of a special train, bearing doctors and nurses which was dispatched. Lakeview is ten miles from here.

### Opening Tobacco Sales

Many wagon loads of tobacco came in today from around Paducah and extensive preparations are being made at Bohmer's loose leaf tobacco warehouse, Ninth and Harrison streets, for the opening of the sales Monday morning at 10 o'clock. Tobacco began coming in the first of this week and there will be a big supply on hand next Monday. Larger sales are anticipated this year than last.

### DR. SIGHTS SPEAKS ON PREVENTING DISEASE

Evansville, Ind., Nov. 10. (Special.)—Among the speakers at the Ohio Valley Medical association today was Dr. H. P. Sights, of Paducah, who spoke on what sanitation does to prevent disease.

### LITTLE ERNEST WESLEY DIES OF BRAIN TROUBLE.

Ernest Wesley, the 3-year-old son of Mr. and Mrs. John W. Barger, died at 11:40 o'clock last night at the home, 1864 Guthrie avenue, of brain trouble. The funeral will be held tomorrow morning at 10 o'clock at the residence, and burial at Oak Grove cemetery.

### New Officers in Fulton.

Hickman, Ky., Nov. 10.—The past election gave Fulton county three new officers—sheriff, county attorney and assessor. The rest are old officers re-elected. The officers for the county and district are as follows: R. J. Bugge, circuit judge; F. S. Moore, representative; R. L. Smith, commonwealth attorney; Goldner Johnson, sheriff; S. T. Roper, county court clerk; J. W. Roney, county attorney; Joe Noonan, jailer; W. A. Naylor, county judge; J. W. Morris, circuit clerk; L. D. Smith, coroner; Goldner Johnson, for sheriff, landed the largest vote of any of the candidates, coming in on the home stretch with 1,247. He was the youngest candidate running, and the youngest man that has ever been sheriff of Fulton county.

### Salaries Raised in Graves.

Mayfield, Ky., Nov. 10.—The fiscal court of this county has raised the salaries of nearly all the county offices, and has begun to cut down expenses in other ways. The court at its next session will take up the matter of reducing the salary of the county physician and the smallpox doctor.

### New Photograph Gallery.

A new photograph gallery will be opened on the first floor of the Three Links building, Fifth street and Kentucky avenue, tomorrow by Messrs. M. L. Riley and Gish. Mr. Riley was formerly in the photographic business here with Mr. Sacra, but went to Oklahoma. Returning a short time ago he decided to return to his old business here.

## Mme. Steinheil Threatens to Be "Indiscreet" Unless Prosecuting Attorney Relents and He Does So

**"Red Widow" Is Angered at  
Severe Attacks On Her De-  
fense—Persian Capital In  
Danger of Sacking.**

Paris, Nov. 10.—"I am becoming angry. Don't exasperate me longer. I am defending myself cautiously because I unfortunately am obliged to. If you drive me to it, I'll cease to be discreet. Do you understand?" Thus in undertone, pregnant with significance, Mme. Steinheil gave a glimpse of the trump card with which she hopes to win the game for her life. This followed the sharp questions of Devalles, which damaged her defense.

He evidently understood, and glanced apprehensively at her and abandoned the objectionable line of questioning. It is believed she threatened by "being indiscreet" to expose intrigues of high French officials. She was angered by yesterday's development, which damaged her case extremely.

### Teheran Threatened.

Teheran, Nov. 10.—Roused by news that Racin Khan, a former partisan of the deposed shah, is marching from the western provinces with an army of malcontents to overthrow Teheran, authorities today began strengthening the city's defense. Racin Khan, heading a force of Shah-sevan tribes, boasts he will loot Ardebil, where foreign residents still hold the Russian consulate against the besieging savages.

A small force of Russian Cossacks succeeded in reaching the Ardebil succumbed today. The besieged hope to be able to hold out until the arrival of the Persian relief forces from here. It is generally believed Racin Khan's object is to overthrow the deposed shah on the throne.

## Kills Wife, Burns Home and Drinks Dose of Poison

Berea, Ky., Nov. 19. (Special.)—Cash Moody killed his wife with a butcher knife, set fire to his house and took carbolic acid. He was rescued by neighbors unconscious, but died before a mob, formed to lynch him, could get at him.

## BURLEY SOCIETY CHECKS NOT PAID

**BANKS ARE MADE PARTIES IN  
SUITS AGAINST THE  
POOL.**

Winchester, Ky., Nov. 10. (Special.)—Owing to the number of suits pending against the Burley society, in which the depositories are made co-defendants, notice was given today by the banks interested that for the present no checks of the society will be paid.

### Bank Cashier Sentenced.

Pittsburgh, Pa., Nov. 10.—David J. Richardson, former cashier of the Cosmopolitan National bank, today was sentenced to five years in the federal penitentiary at Leavenworth, Kansas, by Judge C. P. Orr, in the federal district court. The sentence follows the verdict of the indictment charging him with making false entries in the book of the bank and reports to the comptroller of currency. Bail was renewed and an appeal will be filed by his attorneys.

Mrs. L. C. Dallam, of Henderson, Ky., is quite ill at the home of her daughter, Mrs. Henry Brunett, on Fourth avenue.—Louisville Herald.

## The Weather

**Forecast for Paducah and vicinity:  
Partly cloudy tonight and Thursday.  
Highest temperature today was 74,  
and the lowest 53.**

### SUN AND MOON.

Sun rose today.....6:36 a.m.  
Sun sets today.....4:52 p.m.  
Moon rose today.....4:08 a.m.

### GOTCH WINS.

Chicago, Nov. 10.—Frank Gotch, champion wrestler of the world, defeated Giovanni Raicevitch, of Italy, at the coliseum here in two straight falls, the first in 16 minutes and 28 seconds, and the second in 5 minutes and 28 seconds. Gotch won the first fall with a crotch and bar-arm hold. Gotch got his famous toe hold on the foreigner four or five times, but Raicevitch resisted it successfully. In the second fall Gotch pinned his antagonist to the mat with the cross-leg, hammer and wristlock hold.

## JUDGE NUNN WILL NOT BE OPPOSED

**COMMITTEEMEN WILL GO TO  
PRINCETON TOMORROW TO  
NOMINATE HIM.**

Judge T. J. Nunn will be declared the nominee of the Democratic party for the appellate bench from the First appellate district tomorrow at Princeton. A meeting of the First appellate judicial district committee has been called. No other Democratic candidate has appeared, and Judge Nunn may be elected without opposition.

A number of politicians will be at the meeting tomorrow afternoon, and aside from the business, there will be a general jollification on the Democratic success in the recent election. The probable candidates for the Democratic nomination of governor will be a lively topic. Although some of the politicians from the First district are urging the name of Hon. Charles K. Wheeler, it is believed that Mr. Wheeler will refuse to run. There are plenty of Democratic candidates in the field, who are bobbing up frequently. Some of the Democratic politicians think that O. L. M. James will not run for governor, but will be a candidate for senator. The name of Congressman Ben Johnson, of Bardonia, is being pushed forward for governor.

W. F. Bradshaw, Jr., Charles W. Emery, from Paducah, and Mott Ayres, from Fulton, will leave tomorrow at noon for Princeton.

### GEORGE F. FOSTER DEAD.

Built Lock at Sault Ste. Marie and Canal at Louisville.

Cincinnati, O., Nov. 10.—George F. Foster, aged 73 years, who was one of the best known contractors in the country, died here. He had been ill for a week with heart trouble.

He retired from active business in 1893. During his life he had put through a number of big projects, notable among them being the great lock at Sault Ste. Marie, the canal at Louisville, Ky., and some public works at Columbus, O., and Atlanta, Ga.

### Arthur Dotson.

Hickman, Ky., Nov. 10.—Arthur Dotson died yesterday morning at the home of Will Barnes, Sr., in West Hickman, after a three weeks' illness of typhoid fever. He had been residing here for two years, and was well known in that part of the town. He had been married only a few months. He was 24 years of age.

## PRESIDENT TAFT IS GUEST OF RICHMOND

Richmond, Va., Nov. 10.—President Taft arrived here early this morning, and took breakfast with Governor Swanson and a party of invited guests at the governor's mansion. He will stay until 5 this afternoon, when he will leave for Washington. After breakfast he visited the capitol, where in the house chamber members of the Virginia Press association were addressed informally. This afternoon he reviewed a street parade from a stand erected at Lee monument and then went to the city auditorium where he made an address.

The principal feature of his visit here was his speech to newspaper men and women. He related the incident at Butte, Mont., when he was taken 1,200 feet underground in a copper mine. "It was the first time in my career I had the press just where I wanted it, but I soon discovered, and here's a moral to the story, that I couldn't get to the top without taking them with me. I began my career as a newspaper reporter in Cincinnati, a law reporter at six dollars a week."

## METHODISTS ARE CALLED TO ORDER AT GREENFIELD

**Memphis Conference Begins  
Seventieth Annual Ses-  
sion Today.**

**Bishop Hendrix Presides;  
Meaders Secretary.**

**PREACHING THIS AFTERNOON**

Greenfield, Tenn., Nov. 10. (Special.)—The seventieth session of the Memphis conference of the Methodist church, south, convened this morning in the Methodist church here, the Rt. Rev. Bishop Hendrix presiding. On roll call 121 ministers and 11 laymen answered.

The Rev. A. J. Meaders was elected secretary and chose as his assistants the Rev. W. J. McCoy, the Rev. H. C. Johnson, the Rev. L. H. Howell, the Rev. P. B. Jefferson and W. P. Prichard.

The presiding elders named the standing committees and they were elected. The bishop called up question 20, "Are all the pastors blameless in their life and official administration?" The superannuates and undergraduates were called.

The conference adjourned at noon and this afternoon is listening to a sermon. One of the anniversaries will be observed tonight.

All the Methodist ministers left last night for Greenfield, Tenn., to attend the Memphis conference, which opens today. It is believed that all of them will be returned, excepting Presiding Elder J. T. Blackard, who probably will be assigned to one of the big Memphis churches. The ministers of this district will present a handsome gold watch to Dr. Blackard at the conference. Dr. Sullivan will make the presentation speech on Thursday. It is probable that the Rev. G. W. Banks will succeed Dr. Blackard as presiding elder, and a new minister, possibly the Rev. W. W. Adams, of Mayfield, will be assigned to Fountain Avenue. Mr. Adams may be made presiding elder, and Mr. Banks reassigned to Fountain Avenue.

W. J. Naylor, pastor of Paducah circuit, carried an excellent report to the conference from his charges. He probably will be returned if his people have their way.

## A. H. CARDIN HURT BUT WILL RECOVER

New Albany, Ind., Nov. 10. (Special.)—A. H. Cardin, a former Crittenden tobacco grower, who was run out by night riders, was seriously injured by a fall in Louisville. He is expected to recover. His warehouse at View was burned and he lived the riders in the federal court at Paducah.

### PETER DUNNE, OF FRISCO, WILL SUCCEED LOVETT.

San Francisco, Cal., Nov. 10.—Peter F. Dunne, a prominent attorney, left today for New York, where he will take up the work left by Judge Robert S. Lovett, when the latter resigns the attorneyship of the Harriman lines to succeed Harriman in the management of the Southern and Union Pacific railroads. Dunne's special mission in New York as chief counsel will be to conduct the railroad's side of the famous merger case, which was worked out and carried on by Lovett before his promotion.

### DUKE JOHANN ENGAGED.

Saxon Noble of 52 to Wed Princess Elizabeth.

Wernigerode, Prussian-Saxony, Nov. 10.—The engagement of Duke Johann Albrecht of Mecklenburg-Schwerin, regent of Brunswick, to Princess Elizabeth of Stolberg-Russa was announced for December 15.

Duke Johann, who is 52 years of age, was elected to the regency of Brunswick in May, 1907, by the diet of the grand duchy, following a long-drawn controversy over the duke of Cumberland's claim to the throne. His first wife, who was Princess Elizabeth of Saxe-Weimar-Eisenach, died sixteen months ago. The bride-to-be is in her 25th year.

## Two New Bank Buildings and Novel Apartment House to be Erected in Paducah During the Coming Year

**First and City Nationals Will  
Have New Homes; Latter  
Skyscraper—Swell Suites  
Proposed.**

Paducah is striking her gait in a building boom that has kept the real estate market excited for several months. The first real news came in the announcement that the Falls City Construction company of Louisville, had entered into contract for the erection of a ten-story building for the City National bank at Fourth street and Broadway to be commenced in January.

The First National is ready to erect a \$40,000 stone exclusively bank building at Third street and Broadway. Plans are accepted and the bank is only awaiting the recovery from a recent illness of Architect A. L. Lassiter, who is at Asheville, N. C., and is expected to return to his work in January.

Local parties have also closed a deal for land where a big apartment house and family hotel will be erected. This will include two-room suites with bath and may have a swell restaurant in the basement.

**The Skyscraper.**  
The City National building will be ten stories high with the bank on the corner and a store room, to be occupied by McPherson's drug store, on the east side. It will be equipped with three elevators, between the two rooms. The building was promoted by W. P. Hummel and George F. McCandless, who are also promoters of the U. S. Realty company. The Falls City Construction company of Louisville, represented by W. N. Cox, its president, will erect the building. Work is to commence January 15. The cost is estimated at \$200,000.

The upper floors will be devoted to suites of offices with all modern conveniences of arrangement and equipment. There will be 199 rooms. The first and second stories will be of Bedford dressed stone and the remainder of mottled grey pressed brick with terra cotta ornamentations.

The site is occupied by W. B. McPherson's drug store, Pollock's jewelry store, Louis Capora's fruit store and Miss Zula Cobb's millinery store. Actual work is scheduled to begin January 15. The cost is estimated at \$200,000.

About six years ago it was intended to build a large office building on the site, but owing to the fact that the present buildings had been leased to January 1, 1910, it was found impossible to erect the skyscraper. The site is advantageous for a large office building.

### MR. NORVIN ALLEN IS IN THE CITY ONE MORE.

For his first visit to Paducah in two years, Mr. Norvin Allen arrived in the city this morning from Birmingham. Mr. Allen has been with a government corps of engineers engaged in making a survey of the Tennessee river from the source to the mouth. He has been on the work since July. Mr. Allen will return to the University of Tennessee in a short time and resume his studies in the engineering school. In the party are 17 college students, who made the survey to get the experience. Mr. Allen attended the High school in Paducah, but several years ago with his parents removed to Knoxville, Tenn.

## Cairo Mob Attempts To Lynch Prisoner

Cairo, Ill., Nov. 10.—A mob formed today and started towards the jail to lynch Will James, a negro coal driver arrested in connection with the murder of Anna Pelley, who was found dead and assaulted in an alley. A stranger offered to lead the mob and shouted, "Come on, boys." Less than a block from the jail the mob was met by the chief of police, who snatched the mask from the man's face. He talked earnestly to the men in the crowd, saying the evidence against James is purely circumstantial. The crowd then melted away.

### WEALTHY BREWER SUE BY BUTTERINE MAGNATE.

Chicago, Nov. 10.—Charging alienation of his wife's affections, Ferdinand J. Jelke, president of the George Braun Butterine Manufacturing company, today filed suit for \$100,000 damage against his father-in-law, Philip Bartholomay, of Buffalo, a wealthy brewer, and his wife, Rose Bartholomay. The suit grew from the action for divorce instituted by Mrs. Jelke yesterday, in which she alleges cruelty. He denies the cruelty charges, declaring her parents had conspired to alienate her affections, and that the divorce suit was the result of their interference.

Miss Jessie Cloys, of St. Louis, arrived yesterday for a visit to her mother.

### GOTCH THROWN.

Chicago, Nov. 10.—Frank Gotch, champion wrestler, is named as defendant in a \$25,000 breach of promise suit, filed in the circuit court in behalf of Miss Sadie Currie, "Dearest," "Loveliest Love," and "Dearest Darling"—are some of the pet names he is alleged to have lavished on the young woman, who is seeking money balm for her wounded affections. Gotch says he never heard of her.

## SEVENTH DIST. IS MUCH STIRRED UP

**IT IS POSSIBLE THAT CERTIFICATE WILL BE AWARDED  
OEHLSCHLAEGER.**

No new developments appeared today in the situation where clerical errors have made changes in the race for alderman and for magistrate in the Seventh district. The Republicans will contest the elections, and it is conceded that both offices will be given to the Republicans. It is understood that the Democratic politicians are willing for the election board to grant the certificate of election to George Oehlschlaeger, the Republican candidate for alderman, and avoid entering the courts. However, the idea of issuing the certificate to J. B. Walton for magistrate from the Seventh district is not accepted kindly by the Democratic politicians. The majority admit there is an error, but regret to see the Republicans gain control of the fiscal court.

The election of the magistrate from the Seventh district has divided the people of that district into two factions. Many Democrats have declared that if Walton is counted out they will never vote the Democratic ticket again. Forty-seven Democrats voted the Democratic ticket and scratched for Walton only, and they are sore over the alteration of the returns in the stub book.

### DAYLIGHT SALOONS STAND.

Nebraska Supreme Court Upholds Validity of Law.

Lincoln, Neb., Nov. 10.—The supreme court of Nebraska upheld the validity of the daylight saloon bill passed by the last legislature, which forbids the sale or gift of liquor before the hours of 8 p. m. and 7 a. m. The opinion was written by Judge W. B. Rose.

### RICE PIERCE MAY RUN.

Has an Ambition to Return to Congress.

Union City, Tenn., Nov. 10.—It is rumored here by his many friends that the Hon. Rice A. Pierce, who for sixteen years represented the Ninth congressional district in the national body, will be a candidate to succeed Hon. Finis J. Garrett. Mr. Pierce is being urged by his friends to make the race, and it is expected that he will be a candidate.

## CHAIN OF PRODUCE EXCHANGE HOUSES IS ESTABLISHED

**Farmers' Union of Kentucky  
Will Have Them in Twenty-  
two Counties.**

**Louisville is Central Dis-  
tributing Point.**

**ANOTHER TOBACCO SALESMAN.**

A chain of produce exchange houses will be established in 22 counties throughout Kentucky by the Farmers' union, Louisville being chosen as the location for a central distributing house. This was the decision of the state executive board, which concluded its meeting in Paducah yesterday afternoon at the Three Links building.

The counties in which exchanges will be established lie chiefly in the western portion of Kentucky, two being in the east end. This is a big undertaking of the union and arrangements will be made at once for the opening of all houses. They will be established only in counties that are able to supply enough produce for the markets. At Paducah a station has just been opened at Second street and Kentucky avenue, in charge of A. Switzer, of this city. A big business here is predicted.

In charge of the establishment of the houses the board has selected William Chesterfield, of McCracken county, and he will be busy engaged for several months. The houses will be running in a short time, as the union will rush the organization.

Secretary R. L. Barnett told a reporter for The Evening Sun this morning that each county will be closely associated with the others and when there is a drought or shortage in one section the exchanges at other points will supply that house. The Louisville "station" will receive its products from that immediate vicinity and will be able to take care of itself, unless there is an unexpected shortage there. In that case the other exchanges, or sub-stations, will supply the central station. At the stations will be received all kinds of produce, hay, oats, etc., provided by the farmers belonging to the union. A flourishing business is anticipated.

### Tobacco Situation.

Mr. Lee Boyd, of Boaz, Graves county, was elected assistant to State Tobacco Sales Agent John Grady, of Gilbertsville, at the meeting. Heretofore Mr. Grady has been the only agent, but the growing business has compelled the union to add another man. The work of the tobacco agents is clearly outlined. Prices will be gathered by the agents of each county from the union growers and submitted to the two state sales agents, the county agents officiating in conjunction with them. The board has not yet established a central tobacco warehouse for the state, but if the loose leaf sales grow this year as the union anticipates one will be established. Paducah is now conceded to be the central selling point for the union, although the central house is yet to be located.

A meeting of the county sales agents with the two state sales agents will be held in Paducah at the office of Secretary Barnett, December 22, and many important matters will be discussed. At the meeting of the board other vital matters were discussed, but the board is not ready to make any further announcement. All the members returned to their homes last night with the exception of Mr. O. F. Hughes, of Leitchfield, Grayson county. He returned this morning.

### ROBBERS OVERLOOKED THIS FELLOW'S SHIRT.

Claiming that he had been robbed of \$2.60 and his clothing in the south yards of the Illinois Central railroad, Elmus Harley, scantily clad, called at police headquarters last night, although his story was discredited by the police. He is said to have been begging near Sixteenth and Tennessee streets and only clad in a shirt. He secured a pair of trousers and at police headquarters was given a pair of old shoes. His home is said to be in Mound City.

### Prominent Colored Man Dies.

Robert Overstreet, colored, who resided on the Blandville road, four and a half miles from Paducah, died yesterday afternoon of pneumonia. He was one of the most prominent and highly respected colored men in the county. For years he had a stall on the market, and owned considerable property. He left two children, one the wife of Harry Anderson and the other the wife of L. Z. Brown, who lives in Arcadia. The funeral will be held tomorrow afternoon at 2 o'clock, and burial will be at Pleasant Grove cemetery.

## WOMAN'S NIGHTMARE

No woman can be happy without children; it is her nature to love them as much so as it is the beautiful and pure. The ordeal through which the expectant mother must pass is so full of dread that the thought fills her with apprehension. There is no necessity for the reproduction of life to be either very painful or dangerous. The use of **MOTHER'S FRIEND** prepares the system for the coming event, and it is passed without any danger. This remedy is applied externally, and has carried thousands of women through the crisis with but little suffering.

Broadway Methodist Church Mass of Flowers and Palms at Funeral of Alfred Ernest Tonks.

The chancel of the Broadway Methodist church was a mass of palms and ferns and flowers yesterday afternoon when the funeral services over the body of Alfred Ernest Tonks, the Illinois Central conductor, of 1661 Broadway, was held. A huge broken wheel of flowers with a dove was the tribute of his fellow railroad men, and the Masonic bodies also presented many floral tokens. Mr. Tonks was a member of nearly all the Masonic bodies, including the shriners and an escort of the Knights Templar attended the body to the cemetery.

### MURRAY & WATHEN SUE FOR VALUE OF A LAUNCH.

To recover the value of a launch Murray & Wathen have filed suit in circuit court against the St. Louis and Tennessee River Packet company for \$1,150 damages. It is alleged by carelessness on the part of the crew of the steamer Savannah that the boat backed into the gasoline launch Stag II and wrecked her. The accident occurred November 2, and two men had narrow escapes from drowning.

### Oh Abused Woman.

Yours in a hard lot indeed, oh woman.

It is not necessary nowadays for a brainy woman to advertise her cleverness by wearing her belt badly.

Above everything else in the world a woman admires moral courage in a man, but her knowledge of anatomy is so hazy that she thinks broad shoulders or big biceps may be the seat of the moral virtues.

When a woman turns over the leaves of the book of love she never places a bookmark in it, but rather enjoys beginning anew each time.

A woman can manage to keep her love a secret, but never her hate.

Nothing is more painful to a woman than when she reaches the conclusion that she is no longer dangerous.

Men continually study women, and know nothing about them; women never study men, and know them all. —Satanello, in November Smart Set.

## PERCENTAGE OF EXPORTS HOLDS

GENERAL FALLING OFF DURING YEAR 1908.

Due to No Lack of Popularity of American Goods in Foreign Markets.

THE BUREAU OF STATISTICS.

Washington, Nov. 10. (Special.)—The falling off in exports from the United States in 1908 when compared with the immediately preceding year seems to have been a mere incident of general trade conditions in the commercial world rather than the result of any lack in popularity of American goods in foreign markets. Figures just compiled by the bureau of statistics of the department of commerce and labor show that the United States contributed in 1908, in fact, a larger percentage of the imports of the principal foreign countries of the world than in the earlier years when our export trade was at its maximum. The exports from the United States in the calendar year 1908, as is well known, fell 170 million dollars below those of 1907 and 46 million below those of 1906. Much interest has been felt as to the real cause of this large falling off in exports.

The bureau of statistics has, in the attempt to determine the cause of this decline in exports in 1908, made a careful analysis of the imports of the principal countries to which our exports are sent, with the purpose of determining whether the reduction in purchases of products of the United States was due to larger purchases from other sources by those countries, respectively, or whether the reduced value of their respective imports from us was merely a part of a general reduction in their imports. This analysis is based in such cases upon official figures of the respective countries in question.

The result of this study shows that merchandise from the United States formed in 1908 a larger percentage of the total imports of the principal countries of the world than in 1907 or, in most cases, in 1906, and that the decline in our exports in those years was thus, apparently, due to a general reduction in imports by other countries rather than any unpopularity of, or discrimination against our own products. For example, the share which merchandise from the United States formed of the imports into France in 1908 was 11.7 per cent, against 10.8 per cent in 1907, 10.4 per cent in 1906, and 10.7 per cent in 1905 and 1904, respectively. In the case of Germany, merchandise from the United States formed in 1908 16.7 per cent of the total imports, against 15.1 per cent in 1907, 15.4 per cent in 1906 and 14 per cent in 1905. In the case of the United Kingdom, merchandise from the United States formed in 1908 20.9 per cent of the total imports, against 20.7 per cent in 1907. In the case of Russia, merchandise from the United States formed 10 per cent of the total imports in 1908, against 7.6 per cent in 1907 and 5.9 per cent in 1906. In the case of Italy, merchandise from the United States formed 13.9 per cent of the total imports in 1908, against 13.6 per cent in 1907, 12.1 per cent in 1906, and formed 10.3 per cent of the total imports in 1908, against 8.7 per cent in 1907 and 1906, respectively, and 7.9 per cent in 1905. In the case of Canada, merchandise from the United States formed in 1908 60.4 per cent of the total imports, against 58.2 per cent in 1907. In the case of Mexico, merchandise from the United States formed 57.9 per cent of the total imports in 1908, against 52.9 per cent in 1907. In the case of Cuba, merchandise from the United States formed 50.8 per cent of the total imports in 1908, against 47.9 per cent in 1907. In the case of Japan, merchandise from the United States formed 17.8 per cent of the total imports in 1908, against 16.3 per cent in 1907. In the case of China, merchandise from the United States formed in 1908 10.1 per cent of the total imports, against 8.6 per cent in 1907, 10.4 per cent in 1906, 16.7 per cent in 1905, 8.2 per cent in 1904, 7.7 per cent in 1903, 9.2 per cent in 1902, 8.5 per cent in 1901 and 7.5 per cent in 1900, the percentage of the imports of China drawn from the United States "has been in 1908 greater than in any earlier years except in 1905 and 1906 when importations of cotton goods from the United States were abnormally large owing to an over-estimate of the consuming power of the cotton markets of North China, the section in which American cottons are especially popular.

marks the 100th anniversary of the birth of many great men. It marks the 50th anniversary of the founding of the Equitable. Before the 100th anniversary is reached you will probably have passed to the Great Beyond. Against that day insure while you may.

## Our Golden Anniversary is Your Golden Opportunity

We are Fifty Years old! You may be any old age—we don't care how young or how old, provided you are insurable. The Equitable Life Assurance Society of the United States has been in existence for Fifty Years to insure just such men as you—men with families to support and responsibilities to shoulder, who need the protection of a great financial institution to help them—

1. Safeguard the home circle in the event of death;
2. Provide education for the children;
3. Create a safety fund for old age if life continues;
4. Prevent a foreclosure of the partly paid-for home;
5. Reinforce the business in times of stringency;
6. Secure a Life Income for any dependent or dependents.

The Equitable Society can do all of these things for you—and more. Thousands of beneficiaries are today living in comfort because of life insurance taken during the first fifty years of the Equitable's history. A Life Income contract taken by you in 1909 may secure for your wife or child in the event of your death a continuous monthly income during the next fifty years—and for many years thereafter.

The Equitable Life Assurance Society as it stands today is the result of Fifty Years' experience in the science of life underwriting, and you are able to secure for yourself and your family the very best of protection with absolute security. You run no risk if you insure with the Equitable. You run a great risk if you do not insure at all, or if you place your insurance in an unreliable company.

a matter of opinion between critics, but no one can question his devotion to the Bard of Avon, or his sincerity in presenting to American theatergoers the most complete gallery of Shakespearean portraiture in the history of the drama. The balance of the cast is said to be most capable, and the production equal in every respect to that high standard established heretofore by Mr. James and his company, including Mr. Richard Scott, appears at the Kentucky theater tonight.

### Twelfth Night.

May Stewart holds the boards at the Kentucky Saturday, November 13, presenting "Romeo and Juliet" at special matinee, and "Twelfth Night" at night. This will be Miss Stewart's second appearance in Paducah and the announcement of her coming has aroused considerable interest among the play-goers of this and neighboring towns; additional interest will be aroused in the engagement by the announcement that Joseph De Grasse has been engaged to head Miss Stewart's supporting company on this special tour. ## A REWARD OFFERED.

Every electric railway in the United States knows the menace of "fake" accident claims and fraudulent suits. And no honest citizen exists who would not give assistance to prevent any such corrupt cause coming before our courts in the disguise of woe.

Sometimes the sad-faced rascal who is bringing suit was near an accident but did not receive a scratch; sometimes it is an innocent looking criminal who was not even near an accident; sometimes it is a person who was actually hurt but who was to blame himself or herself—and knows it.

Most of these suits arise when some penny-catching lawyer gets hold of a so-called "victim" as dishonest as himself and wants to "share the profits" of suing the Company.

How are such suits maintained?

By perjury.

By witnesses who do not tell the truth.

For evidence upon which a conviction, for perjury, of any witness against this Company in an accident damage suit is obtained, this Company will pay \$500.00 at any time during twelve months from date of this offer!

## It's a Matter of Honest Pride to Own a Good Watch

There is a most comfortable feeling in knowing that the watch you carry is one you can rely on absolutely for correct time; one that you can display in the presence of any one with a feeling of satisfaction.

That's the sensation you have all the time when you own an Elgin or a South Bend watch. They are genuine, perfectly made, absolutely reliable watches, guaranteed by both the factory and myself. Adjusted to keep accurate time in your pocket.

Ladies will find here small model watches that are unequalled for beauty and as timekeepers. Why not come in today and look over my watches?

## TEACHERS

WILL HOLD REGULAR MONTHLY MEETING FRIDAY.

Mr. D. E. Wilson Will Speak to Them On "School Work That Is Not Forgotten."

Friday afternoon the regular monthly meeting of the teachers will be held at the high school. In order to have interest in the meetings, Superintendent J. A. Caraway has arranged to have some person, who is familiar with educational work, address the teachers. Mr. D. E. Wilson will speak to the teachers Friday afternoon and will talk on "School Work That Is Not Forgotten." The address will be interesting and beneficial to the teachers. Also the plan of having teachers in charge of the meeting will be adopted. Prof. W. H. Sugg, Miss Emma Morgan and Prof. Herman L. Donovan will direct the study of school work at the next meeting. At the December meeting the Rev. David C. Wright will address the teachers.

## Won't Slight a Good Friend.

"If ever I need a good medicine again I know what to get," declares Mrs. A. L. Alley, of Beales, Mo., "for, after having used ten bottles of Dr. King's New Discovery, and seeing its excellent results in my own family and others, I am convinced it is the best medicine made for Coughs, Colds and lung trouble." Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. For Bronchitis, Asthma, Hemorrhage, Croup, LaGrippe, Sore Throat, pain in the chest or lungs it's supreme. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

## WHAT IS HYOMEL?

You Have Heard About the Catarrh Cure W. J. Gilbert Guarantees.

Hyomel is a wonderful antiseptic, so powerful that it promptly destroys germ life, yet its action on the mucous membrane is extremely soothing and healing. It relieves catarrh in five minutes; it cures in a few weeks or money back.

It is made chiefly of eucalyptus and eucalyptol taken from the eucalyptus forests of inland Australia. The medical profession knows that eucalyptus is an absolutely certain germ destroyer and with the active principles of eucalyptus as a base Hyomel is made more efficient, pleasant and quick acting by the addition of Thymol, an antiseptic and disinfectant largely employed in the Listerian System, Gualacol and other important medicinal agents are also included in the Hyomel formula, which, without doubt, is the greatest destroyer of catarrh germs the world has ever known.

Hyomel is a powerful, penetrating antiseptic that is pleasant to use. It does not contain a particle of cocaine, opium or any habit-forming or injurious drug.

No dosing the stomach when you use Hyomel. Just breathe it in through the small inhaler that comes with each outfit. Sold by leading druggists everywhere and in Paducah by W. J. Gilbert, \$1.00 for complete outfit.

## MI-ONA Cures Indigestion

## CHANGES IN PLANS OF CANDIDATES

BEFORE LEGISLATURE AS RESULT OF THE ELECTION.

Jim Stone, as Usual, Will Have Practically Clear Field for Clerk of the House.

RACES IN OTHER POSITIONS.

Frankfort, Ky., Nov. 10.—The large majority that the Democrats will have in the house and senate may make some change in the plans of the candidates who are making the race for the offices of the house and senate. There have been a number of candidates working actively for several months for the various positions in the legislature, but none of them calculated on a majority in the house and senate that turned up after the election. It is practically conceded that William Cromwell, of this city, will not have opposition as clerk of the senate and that Jesse Alverson, of Stanford, is leader in the race for assistant clerk of the senate. His senator, Tuck Hubble, is the real hero of the last election, for he carried the district, which is normally Republican, by a good majority and will likely get whatever he asks in the way of officials. Miss Annie Nourse, a niece of Judge J. P. Hobson, will be a candidate for enrolling clerk and, as she filled the position successfully last term, will be a formidable candidate. It is understood, too, that Miss Jennie McDonald, of this city, will also be a candidate, and she has many friends who will aid her in her contest. Senator Sam Peters, of Bardonia, seems to have the lead in the race for doorkeeper of the senate.

Jim Stone as Clerk.

In the house, Clerk Jim Stone, who has been clerk so long that the memory of man runneth not to the contrary, will undoubtedly be a clerk at the next session and will undoubtedly win without opposition. Mr. Stone has one qualification in which he exceeds any man who has ever been a candidate for that office. It is his splendid voice, for he can be heard as distinctly in one part of the hall as in the other. There is a woods full of candidates for the position of assistant clerk, but Marion F. Pogue will not be a candidate for that position this time. He was elected representative and will help elect the assistant clerk instead of running for that position. Miss Amy Lyons, who was the enrolling clerk of the last session, is a candidate at this time and claims to have her race won. Her father was an old Confederate soldier, who died in office here a year ago with two or three years longer to serve. She has been an active candidate for some time. The leader in the race for doorkeeper of the house is W. H. "Windy Bill" Thompson, of Spencer county, who was the picturesque member of the last session.

## Other Candidates.

The candidates for sergeant-at-arms, pages, cloak-room keepers and other officials have not made their announcements or at least their announcements have not reached this city, but there will be plenty of candidates for these offices, as every youth that has political ambition desires to begin his service in Kentucky's magnificent new capital.

Senator Thomas A. Combs, of Lexington, will likely be the Democratic chairman of the senate caucus and Senator Conn Lynn will probably retain his position as chairman of the steering committee. The candidates for speaker of the house are numerous and each week from now on until the legislature convenes there will be additional entries in the race, but George Wilson, of Sturgis; Harry Schobert, of Versailles; W. H. Shanks of Stanford, and William Blair, of Lexington, have been in the race longer than any of the other candidates, and for this reason they have the edge on the others in the race.

## Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years Kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth. They're a godsend to weak, sickly, rundown or old people. Try them. 50c at all druggists."

## COMMERCIAL CLUB IS ENTHUSIASTIC

ALL BUT TEN MEMBERS PRESENT LAST NIGHT.

State Senator-Elect W. V. Eaton Testifies to His Desire to Help Community.

CHANGE MONDAY LUNCHEON

Forty of the fifty-one members of the Commercial club answered the roll at the regular monthly meeting of the club at the Palmer House last night. It was a busy, interesting meeting, and the greatest degree of enthusiasm was displayed all through the session.

Secretary Fowler had a number of propositions to lay before the club for action and they were turned over to the proper committees. Mr. Fowler reported that the government engineers have made the necessary surveys and recommendations to congress for the improvement at Livingston point to prevent the Ohio cutting into the Tennessee river and destroying Paducah's winter harbor, and that he has no doubt of the work being done this season.

The club, at the request of J. L. Wolf, president of the Retail Merchants' association, took up the proposed change in the time of the Paducah and Cairo train that leaves here at 6:15 p. m. to 8 o'clock, and after discussions by Messrs. Charles Welle, Jake Wallerstein, Roy Canley and J. A. Rudy, Mr. J. T. Donovan was called upon for information on the proposition.

He assured the club that the Illinois Central is anxious to do all that it can to bring business to the local merchants. He said that when the matter of the change was referred to him from Chicago he recommended that it be made, having in mind the better connections it would give Paducah for Chicago, and that the fact that it would affect the traders coming here did not occur to him. However, if the club requested he would gladly communicate with the general passenger agent at once any recommendations the club might make. Upon motion of Mr. Rudy, Mr. Donovan was asked to transmit the message last night, and after the meeting he did so.

The club decided to invite the new members of the councilmanic boards, the school trustees, the fiscal court, county judge and other city and county officials to a get-together meeting, to be announced for some convenient time, to discuss measures that will be of benefit to the city and county.

State Senator-elect W. V. Eaton was present and President Utterback called upon him for a few remarks. He said that he wished to co-operate with the club on any measures that will be of benefit to the city and this community at all times in his official or private capacity.

"I hope to live and die in Paducah, and I am as much interested in its welfare as any of you," he said. "I have great hopes for its future, and the earnestness of your discussions here tonight tell me that such co-operation as you gentlemen are giving will only redound in good. And again, I want to say I desire to be of service to you in any way I can." His remarks made a favorable impression on the members.

Mr. Sol Dreyfuss and Mr. W. F. Bradshaw, Jr., made interesting suggestions to the club, and after deciding on holding its noonday luncheon on the first and third Tuesdays of each month, the club adjourned.

MEN ARE AS HELPLESS AS CHILDREN

When Taken Suddenly Ill—Here Is a Common-Sense Safeguard.

Big, strong man is as a helpless infant when he is suddenly ill. The sturdiest chap in town usually loses his self-control, and is utterly unable to regard his condition with the common sense that characterizes his everyday actions.

For example: He comes home tired, eats a heavy dinner, and sits down to read and smoke away a quiet evening.

Suddenly he notices a weight on his stomach; then sharp pains around his heart, and a feeling of suffocation. Thoughts of "heart disease" rush over him, and in his agony he fears the worst.

His trouble was acute indigestion brought on by overloading his tired stomach.

A couple of Dyspepsia Tablets would have given him instant relief—would have saved him hours of suffering.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and indigestion will not bother you.

Rexall Dyspepsia Tablets remedy stomach troubles by supplying the one element, the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

We know what Rexall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia. If they fail we will refund your money. Three sizes: 25 cents, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Paducah only at our store—The Rexall Store, W. B. McPherson, Fourth and Broadway.

## REAR-END

COLLISION OCCURS ON DULANEY HILL.

Fireman Injured By Jumping—Cause of Accident Is Not Determined.

A rear end collision between two freight trains of the Illinois Central on Dulaney hill near Eddyville yesterday afternoon tied up traffic for a short time. In the collision nobody was injured seriously, although a caboose and three coal cars were wrecked. The cause of the wreck has not been determined.

Extra freight train pulled by engine 931, stopped on Dulaney hill, and it is claimed that a flagman was out with a warning, but extra freight pulled by engine 907, went by the flagman and crashed into the rear end of the first freight. Engine 907 was in charge of Engineer John Trantham, while engine 931 was in charge of Engineer Walker, of Princeton. Fireman W. V. House jumped from his engine, and in alighting sprained his right leg, but the injury is not serious. The wrecker was called out and cleared the track in a short time.

The second accident of the day happened on the Cairo division when a boiler flue burst on engine 1869 at Kevil. Traffic was delayed for a short time until another engine could be secured in order to clear the track. Nobody was injured.

## Hospital Board.

The regular quarterly meeting of the hospital board probably will be postponed from next Friday. Several of the members of the board will be unable to be present, and for this reason the meeting will not be held. Nothing urgent will be up before the board.

## Pay Car.

Notices have been received that the Illinois Central pay car will arrive in Paducah November 16. The pay roll will be large as the shops are working full force.

## On Inspection.

Mr. J. M. Taylor, general storekeeper, and Mr. C. F. Parker, general purchasing agent, of the Illinois Central railroad, were in the city this afternoon on an inspection of the Paducah department. Owing to the large amount of work on the hands of the storekeeping department of the Paducah shops it has been necessary to increase the size of the office. A partition will be removed and about 15 feet added to the length of the office.

As Joe Cannon would remark, this

administration is having more trouble

with the conservation policy than

the last by—yes, we might say, by

several dam sites.

One of a Cleveland man's four

wives is suing him for divorce. She

ought to proceed with an application

for a receiver, and sue for an in-

junction and dissolution of the combination.

Pessimism must be expected in

Henry Clegg's market letters during

the pendency of his daughter-in-

law's suit for divorce. Mrs. Astor

got ten millions in alimony. Talk

about the foreign demand for gold!

If there is anything the matter

with the south we haven't discovered

it; but for any possible complaint we

have the boll weevil, pellagra and

the hookworm to account for it. The

north and west have no excuses for

their shortcomings.

## BROKE JAIL

BUT JOE HEFNER WAS CAPTURED AGAIN.

Prisoner Knocked Lock Off Door and Handed For Familiar Scenes at Once.

Five minutes after breaking the lock from the side entrance to the city jail yesterday afternoon at 9 o'clock Joe Hefner, 21 years old, who had been arrested one hour previous by Patrolman Carter on a charge of disorderly conduct, was caught in an out-house at Seventh and Clark streets by City Jailor James Clark and locked up in the dungeon.

Hefner had been cursing negroes near Seventh and Washington streets at a barber shop, at which charge he pleaded guilty in police court this morning and was fined \$50. Patrolman Carter was called and arrested him. After Hefner was locked in the city jail Patrolman Carter went to a saloon at Seventh and Washington streets to take possession of a grip which Hefner had left there. In the meantime Hefner was busy looking for a place to break out and with a bar he tore the lock from the side door and escaped, going through the alley back of the city hall. Jailor Clark climbed in his buggy, after learning of it, and drove towards Seventh and Washington streets. Hefner, on leaving the jail, headed for the saloon in which he had left his grip, and the jailer sped him emerging from the building. Hefner ran to Clark street, a block distant, and hid in the back yard. After a search he was found crouched in an out building and was handcuffed and taken back to jail.

By the way, the Roswell Register-Tribune is published at Roswell, not Albuquerque.

This is all confidential and friendly. We wish to put you right, because you might get a cough some time and want to go out there.

## A BUILDING BOOM.

The construction of one ten-story office building will mark the beginning of a new building era in Paducah; for the same reason that by far the most money spent in building operations in Paducah the last two years has gone into flats and apartment houses. The flats opened reasonable priced living apartments with modern conveniences to compete with old, unimproved dwellings. Plumbers and carpenters, perhaps, can tell of unusual activity since in equipping old dwellings with greater comforts. The opening of a new large office building will bring it into direct competition with old fashioned buildings, which must then be improved or allowed to stand idle. The property is too valuable for the latter course, and improvement will be forced. That is good for Paducah labor and retailers.

## AUTO HAS A LONG HISTORY.

Ancestry of Machine Dates Back to the Early Days.

From the earliest times attempts to supplant the horse by adopting mechanical methods for traction purposes have been made. In the thirteenth century Roger Bacon wrote: "It is also possible to make cars operate with untold dispatch without the aid of beasts of burden." In 1649 the Nurembergian Jean Hautsch manufactured mechanical chariots which attained a speed of 2,000 miles an hour. The most famous of these chariots was sold to Prince Charles Gustave, of Sweden, for 500 six dollars. Somewhat later, at Marly le Roi, the court of Louis XIV was amusing itself with the toy railway, manipulated by hand. In the eighteenth century there appeared mechanical conveyances, similar in principle to the small invalid carriages which are now in use for helpless people. But by this time steam had been used as a motive power, and Newton had promulgated, in 1680, his project for applying steam derived from boiling water to land travel. As yet, however, the working plan was unsuccessful. Dr. Robinson (1759), and Erasmus Darwin (1765), failed equally in a similar attempt. This same year (1765), is a celebrated one in the annals of the steam machine, on account of the first essays of Cugnot, the French artillery officer, whose experiences are related in his memoirs, as follows:

"A singular machine has been recently experimented with; it is applied to carriages, and claims to cover space at the rate of two leagues an hour, no horse being attached to the vehicle; but the results have been as promised—one-quarter of a league an hour being the most speed attained." The following year, however, results were more satisfactory as is shown by the same writer on the date of November 20, 1770: "Last Monday the machine, being tried in the arsenal, carried a weight of 5,000 pounds, serving as carriage to a 48-bore cannon of almost equal weight, and made three-quarters of a league in an hour."—Indianapolis Star.

## SUGAR FRAUD DATA HELD.

Furnish Correspondence With Collector Loch.

Washington, Nov. 10.—The treasury department declines to furnish any of the correspondence between Collector of the Port Loch and Secretary of the Treasury MacVeagh relating to the sugar frauds, the prosecution or the amounts paid by the trusts in the pending suits at New York.

Secretary MacVeagh came here from New York last afternoon, spoke a few minutes in the office and retired to his home. He did not see any of the newspaper men, who were expecting him at the department on his return from New York.

The point-blank statement was made, however, for the secretary, that none of the correspondence was accessible.

## INJUNCTION DISSOLVED.

County Election Commission Delivers Certificate to Crump.

Memphis, Tenn., Nov. 10.—Holding the court without jurisdiction Chancellor Hiskell this afternoon dissolved the injunction which he had earlier granted former Mayor

Williams restraining the county election commission from delivering to Edward H. Crump the certificate of his election to the office of mayor. In the election last Thursday Crump was given a plurality of 79 votes over Williams. Williams' attorney will begin a contest in the circuit court charging that votes were cast which were illegal.

Cairo, Ill., Nov. 10.—The assessment roll of the commissioners of the Cape Girardeau and Clear Creek drainage district was filed yesterday in probate court, and November 22 was set as the date for the hearing of the condemnation proceedings. The instrument is for the benefits and damages that will be made when the levee is built around the new district. A petition for administration was filed yesterday in the probate court regarding the estate of Louisa McRaven, deceased, and Albert Braun of Thebes, was named administrator by the court.

## WELCH GETS DECISION.

In Fight With Johnny Summers for Lightweight Title.

London, Nov. 9.—Freddie Welch won the decision from Johnny Summers in a 20-round contest for the lightweight championship of England. Welch forced the fighting from the very start and never was in danger. He finished the last round stronger and faster than the first. Lord Londale presented the winner with a gold and diamond belt. Welch ruled a slight favorite in the betting.

## PYTHIANS EXPELLED.

Six Indiana Companies Charged With Insubordination.

Indianapolis, Nov. 10.—Six companies of the First regiment of Indiana uniform rank, Knights of Pythias, and the colonel of the regiment, Frank Shellhouse, have been expelled from the order by Brig-Gen. Wilson on the charge of insubordination, it was announced today.

## MR. DONOVAN RECEIVES ACKNOWLEDGEMENT TODAY.

Mr. J. T. Donovan, general agent for the Illinois Central railroad, received an acknowledgement of his telegram, requesting that the schedule of the Cairo train be left as it is at present. Owing to the fact that the time tables are in the hands of the printer it may be several days before an answer is received whether the change will be made despite the protest of Paducah merchants. The railroad fare from Kevil to Paducah, but owing to the opportunity for farmers to reach Paducah early in the morning and return home after business hours, the majority of farmers to patronize Paducah merchants.

## CURTAINING YARN.

German Spinners Act On the High Price of Cotton.

Berlin, Nov. 10.—The Association of German Cotton Spinners today issued a circular to the mills urging the curtailing of yarn production as an absolute necessity, in order to prevent the further heavy rise in the price of raw cotton and the exhaustion of supplies of raw cotton towards the end of the cotton year.

Lewis Strang, in his 200-horse baby Fiat, shattered the world's one-mile record in the almost incredible time of 37.70 seconds in the initial event of the opening day of the automobile races. A crowd of probably 5,000 people sprinkled through the huge grandstands saw the smashing race.

Following is the order in which they finished and the time:

First—Lewis Strang, Fiat, 37.70 seconds.

Second—Barney Oldfield, Benz, 40.13 seconds.

Third—Walter Christie, Christie, 43.82 seconds.

Fourth—John M. Rutherford, Stearns, 50.85 seconds.

The first event, the one-mile time trials, free for all, had nine entries, but only six started. Basle, in a Renault; Disbrow, in a Rantier, and Kilpatrick, in a Hotchkiss, did not line up. When they heard of Strang's time, they frankly admitted that it was useless for them to try. Strang got away first. It was a flying start, once and a half around the track and then off.

The big Fiat moved out easily, gathering momentum in thundering jumps. Then, as it crossed the starting line, a mile away from the grand stand it seemed to take wings and fly.

The prizes are two cups, with \$200 offered for a smashed record.

## Ten-Mile Race.

Six drivers entered the next event, a ten-mile stock chassis race, for cars of a piston displacement of 451 to 600 cubic inches. The two Nationals, piloted by John Aiken and Tom Kincaid, led all the way and finished only a fraction of a second apart. Aiken going the distance in 8:27:22, and the run up in 8:27:71. Alfred Austill's Apperson, "Jack Rabbit," came third, in 7:50:65.

The third race was also a ten-mile stock chassis. The following was the order of finish:

First—Joe Matson, Chalmers-Detroit, 9:49:46.

Second—William Knipper, Chalmers-Detroit, 9:49:84.

Third—Buick, Joe Nelson, 9:50:18.

Strang, from a standing start, won the two-mile free-for-all in 1:31:63.

Oldfield, driving his big Benz, was second, in 1:37:18. Aiken, in a National, third, in 1:43:72, and Christie, who had repaired his injured valve, fourth, in 1:51:04.

The ten-mile free-for-all handicap was won by Stillman in a Marmon.

John Aiken, starting from scratch in a sixty-horse power National, lowered the world's track record for ten miles, going in 8:02:41, as compared with the previous record (Oldfield's) of 8:15:9.

His Cousin Has Not Yet Returned From Search for the Horse Joe Had.

Failure of the police to locate Frank Whitelaur, of St. John's, owner of the \$200 black horse stolen by Joe Whitelaur, his cousin, last Thursday night, resulted in the trial of Joe in police court this morning being continued over until Friday morning. It is believed that Frank can be notified by that time.

Joe sat on the prisoners' bench with his head hung low this morning, and when his case was called he arose and said he wanted a trial. Frank, his cousin, is in Illinois some where, looking for the horse, which was brought back here yesterday by Chief Collins with Joe.

The horse was last night turned over to John Whitelaur, father of Frank, and taken back to St. John's.

Queer Doings in An Oregon House, and "Snooks" or Electricity Are Held to Blame.

Portland, Ore.—Influenced by an apparently inexplicable power, the contents of a house in this city were for four hours turned topsy-turvy from cellar to garret. Furniture, as well as other inanimate objects moved as if they were things of life.

These occurrences were vouched for by hundreds of persons who visited the house, and were witnesses of the phenomena. A six-foot extension table raised itself on two legs and fell on its side; a sofa moved from its place against the wall and careened on its side; a clock on a shelf turned almost completely around and stopped at 3:30 p. m.; dishes on every surface stood on edge and rolled to the floor; a Morris chair fell over; a half-filled tea kettle and coffee pot refused to remain on the cook stove, although replaced there repeatedly, and a basket of onions traveled across a drainboard and dropped to the floor, though put back a dozen times. The phenomenon ceased as suddenly as it began.

Various theories have been put forth, one being that it was caused by an electrical storm which prevailed yesterday, and another that an unknown potential was energized by an eleven-year-old boy, whose grandparents occupied the premises. This child is declared by one of his relatives to have previously caused articles of great weight to move.

Fire On South Seventh.  
Fire damaged the undertaking establishment of Charles J. Howell, colored, 614 South Seventh street, this morning at 2:15 o'clock. When discovered the frame building was burning all over, but the blaze was extinguished after hard and quick work by the fire ladders. The damage will amount to about \$400. Fire companies, Nos. 1 and 4, and truck company, No. 4, answered the alarm.

What Bobbie Wanted to Know.  
He asked so many questions that day that he finally wore out his mother's patience.

"Robert," she cried, "if you ask me another question I shall put you to bed without your supper."  
Robert promptly asked another and was packed off to bed. Later his mother repented. After all, asking questions was the only way he could acquire knowledge; so she tipped upstairs, knelt beside Robert's bed, and told him she was sorry.

"Now, dear," she said, "if you want to ask one more question before you go to sleep, ask it now and I will try to answer."  
Robert thought for a moment, then said, "Mother, how far can a cat spit?"—Success Magazine.

## IN SOCIAL CIRCLES

Matthew-Corlis Wedding.

The marriage of Miss Eva Lotus Matthews, of this city, to Dr. Eugene Edward Corlis, of Brooksville, Ky., was solemnized this morning at 10:30 o'clock at the home of the bride, 423 Adams street. The Rev. John Tucker, of Carbondale, Ill., a cousin of the bridegroom, performed the ceremony. There were no attendants and the wedding was marked by a charming simplicity of detail. A number of friends of the popular bride were present for the ceremony.

The bride, who is a girl of attractive personality, looked especially charming in a pretty going-away suit of grey cloth with gloves and shoes of grey. Her hat was of harmonizing shades of amethyst.

Dr. and Mrs. Corlis left over the Illinois Central road for Brooksville, their future home, going by way of Cincinnati.

Among the out-of-town guests who were present for the ceremony was: Miss Elsie Allen, of Fulton; Mr. and Mrs. L. P. Stalcup, of Metropolis; Mrs. Lu Corlis, of Metropolis; Mrs. Hattie Moellankamp, of Metropolis; Mrs. T. L. Wallace, of Metropolis; Mrs. Will Corlis, of Anna, Ill.; Mrs. John Tucker, of Carbondale, Ill.

Miss McGlathery Hostess to Euchre Club.

The Euchre club was delightedly entertained Tuesday afternoon by Miss Lillie May McGlathery, at her home on North Seventh street. There were three tables of the members of the club present. The game prize, a pair of silk hose, was won by Miss Nell Hendrick, and the lone hand prize, a pretty hatpin, by Miss Hazel McCandless. A pretty course luncheon was attractively served during the afternoon.

The list for the German to be given by the German club at the Palmer House the 22d will be put on at Culley's Friday at noon.

Club Entertainment at Jackson.

Monday afternoon at 4 o'clock Misses Mary Lou Roberts and Lulu Hayley entertained the "De Koven Club" at the home of Dr. and Mrs. J. H. Roberts, 526 East Main street, in a very delightful manner. Miss Zetta Roberts welcomed them on their arrival, meeting them in the hall, and ushered them into the parlor, where they were received by Misses Roberts and Hayley. The house was beautifully and artistically decorated with cut flowers, and the artificial lights cast a soft glow over the darkened rooms. This being "Federation Day," the hostesses alternately gave extemporaneous talks on the Convention of the Federation of Music Clubs, which met last spring at Grand Rapids, Mich., and to which they were sent as the delegate of the De Koven club. Their talks were animated and enthusiastic, and every member gave undivided attention and felt more than repaid for doing so. The description given of the unique manner in which the daily lunches were served, was very interesting. Each day being in honor of some

SOME HARD KNOCKS.  
Woman Gets Rid of "Coffee Heart."

The injurious action of Coffee on the heart of many persons is well known by physicians to be caused by caffeine. This is the drug found by chemists in coffee and tea.

A woman suffered a long time with severe heart trouble and finally her doctor told her she must give up coffee, as that was the principal cause of the trouble. She writes: "My heart was so weak it could not do its work properly. My husband would sometimes have to carry me from the table, and it would seem that I would never breathe again."

"The doctor told me that coffee was causing the weakness of my heart. He said I must stop it, but it seemed I could not give it up until I was down in bed with nervous prostration."

"For eleven weeks I lay there and suffered. Finally husband brought home some Postum and I quit coffee and started new and right. Slowly I got well. Now I do not have any headaches, nor those spells with weak heart. We know it is Postum that helped me. The Dr. said the other day, 'I never thought you would be what you are.' I used to weigh 92 pounds and now I weigh 158."

"Postum has done much for me and I would not go back to coffee again for any money, for I believe it would kill me if I kept at it. Postum must be well boiled according to directions on pkg., then it has a rich flavor and with cream is fine."

Read "The Road to Wellville," found in pkg. "There's a Reason." Ever read the above letter? A new one appears, from time to time. They are genuine, true and full of human interest.

Birthday Party.

Master Theo T. Moore and Master David Moore, of 607 North Sixth street, entertained some of their friends last night with a birthday dinner. The evening was pleasantly spent with games and music and the young hosts received many gifts from their friends. Covers for 22 were laid at the prettily appointed dinner. David Moore had his eighth birthday a few weeks ago, but waited until yesterday, the eleventh birthday of his brother, for the celebration, making it a joint affair.

Former Paducah Girl Marries in Memphis.

Miss Caroline Saffarans, of Memphis, Tenn., formerly of Paducah, was married on November 5 at her home in Memphis to Lieutenant William J. O'Laughlin, of the United States army. They will make their home at Fort Leavenworth, where Lieutenant O'Laughlin is now stationed.

Delightful Lecture Last Night.

Mr. William Morrison Patterson, of Sewanee University, delighted a cultured and representative audience last night at the Carnegie library assembly room with his lecture, "The Heart of Shakespeare." He appeared under the auspices of the Delphic club and it was a pleasant social occasion as well as a literary event. Mr. Patterson was gracefully presented by Mrs. Alonzo R. Meyers, the president of the Delphic club, in a happy little tribute. Palms and ferns, copper vases of yellow and white chrysanthemums and yellow shaded electrolights gave a pretty setting to the assembly room.

Mr. Patterson knows his Shakespeare thoroughly and makes you know him in a delightfully intimate and compelling way. He takes you not only along the main-traveled highways of familiar Shakespearean thought and problems, but into many fascinating by-paths as well, where it is a delight to loiter and to learn the heart of the Master-Poet-Dramatist-Man. Mr. Patterson never allows the attention of his audience to flag, for he speaks with an ease of rapidity that has its compelling charm and rare achievement!—stops before you are at all ready for him to quit, which thing alone proclaims him to have attained a wisdom uncommon beyond his years.

Paducah has been signally fortunate to have had Mr. Patterson in two such lectures as "True Ideals of Civic Art" and "The Heart of Shakespeare" in the week. They signally show, too, the force and versatility of the man and the student, whose poise and power are unusual in so young a man.

Two American Men of Letters Discussed.

The Literature department of the Woman's club met this morning in regular session at the club house. In the absence of the chairman, Mrs. Muscoe Burnett from the city, the vice president, Miss Helen Lowry presided. The program was an attractive one. D. S. Weir Mitchell was discussed in an entertaining way by Mrs. C. E. Purcell and Mrs. Coleman. Brander Matthews was pleasingly presented by Mrs. W. L. Brainard.

Charity Department Meets Tomorrow Morning.

The Charity department of the Woman's club will meet Thursday morning at 10 o'clock at the club house. It is the regular business meeting of the department and all the district chairmen and their committees are asked to be present without fail.

Lecture by Mr. Scott This Afternoon.

Mr. Richard Scott, of this city, who is with the Louis James company, is lecturing on Shakespeare's King Henry VIII before the Woman's club in the club house auditorium this afternoon. It is an eagerly anticipated social event.

Senior Crescendo Club Meeting.

There is a meeting of the Senior Crescendo club at 4 o'clock in Miss Newell's studio, 403 North Seventh street.

Wedding of Interest Here.

The Danville, Ill. paper says of the Goodman-McDowell wedding there on Monday evening: "The marriage of Miss Clara Good-

man, of Paducah, Ky., and William T. McDowell, of this city, was quietly solemnized last evening at the attractive home of Mr. and Mrs. S. W. Dold, at 1109 Grant street. Rev. Aitken, pastor of the First M. E. church, performed the ceremony, using the pretty ring service. The bride wore a lovely gown of white and carried a bouquet of bride's roses. Following the ceremony an elegant dinner was served in the dining room. The table was beautifully adorned in early winter flowers and ferns. Covers were laid for ten. The pretty young bride is quite talented and is the daughter of Mrs. M. Goodman, and is closely connected with some of the first families of Paducah, Ky. The groom, although a southerner by birth, formerly residing at Paducah, Ky., has been a resident of Danville for some time. He holds the position as carpet manager at the Hub furniture store in Jackson street. He is highly esteemed by all his associates and is a young man of fine integrity and excellent business qualifications. They will reside for a few weeks at 1109 North Grant street.

Mrs. Jennie Moore, of Fulton, is visiting friends in the city.

Miss Elsie Allen, of Fulton, was in the city today to attend the Matthews-Corlis wedding this morning.

Mrs. Maggie Knight has returned home after a visit to her sister, Mrs. James Hamlett of Fulton.

Mr. John Williamson left this morning for Louisville on business.

Mrs. Trubee Lawrence, who has been visiting Mrs. W. F. Bradshaw, Jr., left this morning for Hopkinsville, where she will visit for a few days. She will return to this city next week and visit a few days before returning to her home in Mississippi.

Miss H. P. Fisher returned to Nor-oville this morning.

Miss Susie McWaters, a nurse of Riverside hospital, was called home to Eddyville, by the serious illness of her mother.

City Attorney Arthur Y. Martin returned yesterday evening from Louisville where he went on legal business.

Mrs. C. H. King, of Twenty-seventh street and Broadway, will return home, Friday from St. Louis, where she was called by the death of her aunt.

Miss Lena Hedges, of South Sixth street, has returned from a several weeks' visit to her sister, Mrs. C. M. Wright, of Louisville, and to her sister, Mrs. Hattie Miller, of Crider.

J. W. Gossett left this morning for Paducah, Ky., to visit his son, Walter, who was recently appointed Southern Express agent at that place.—Clarks-ville Leaf-Chronicle.

Mr. Frank S. Donovan will leave Saturday for Los Angeles, where he will spend the winter as a guest of Mr. Pat Halloran.

Col. Mott Ayres will join a party of Fulton friends Friday, and will leave for Sanburg, Tenn., for a week's outing and hunting trip at Reelfoot lake.

Mr. John Cruise, who resides near Maxon Mills, is seriously ill with pneumonia.

Mr. Si Malinski, a well known river man, will leave for Cairo tomorrow to work.

Miss Myrtle Aday is the guest of her sister, Mrs. Albert Meyers, at Cairo.

New Case of Diphtheria.

A new case of diphtheria has sprung up today when it was learned that the little daughter of Mr. and Mrs. Arthur Johnson, 1332 Broadway, is in a serious condition. The health board had recently announced that there was not a single case of scarlet fever or diphtheria, but precautions are being taken to prevent another outbreak.

Motherless Boy Gets Fortune.

New York, Nov. 10.—Hunt Tilford Dickinson, a 10-year-old motherless boy, now with his father on a Georgia plantation, has inherited \$4,000,000 from the estate of his grand uncle, Wesley Hunt Tilford, a former vice-president of the Standard Oil company, who died last March, leaving an estate worth more than \$11,000,000. The will gives \$7,000,000 outright to Henry M. Tilford, his brother and the balance is divided among the relatives.

Steel Wages Go Up.

Bethlehem, Pa., Nov. 10.—The wages of several thousand employees of the Bethlehem Steel company will be restored to the scale in vogue before the 1907 depression, according to an announcement made today by Charles M. Schwab, president of the company.

In general the increase will amount to 10 per cent, and will effect employees in the machine shops, foundries, blast furnaces department and labor department.

Another Warrant, Also.

When Frank Campbell, colored, pleaded guilty to a charge of breach of the peace in police court this morning, in walked Captain Frank Harlan with another warrant, charging Campbell with housebreaking. Campbell said he wanted a trial and the case was continued until Friday morning. He is accused of breaking into John Bulger's saloon some time ago.

His Fortunate Disease.

Charles Turbin, colored, who was arrested yesterday afternoon on a charge of breach of the peace, was dismissed by Police Judge Cross this morning in order to get rid of him. Turbin was afflicted with a disease that made it difficult for anyone to approach him. Judge Cross told him to get out.

### Anty Drudge Goes to the Theatre Even on Monday Nights.

Anty Drudge—"Won't you go to the theatre with me to-night, Mrs. Hardwork?"

Mrs. Hardwork—"No, thank you. I never go anywhere on Monday night. I'm always tired out with washing all day."

Anty Drudge—"Why don't you use Fels-Naptha soap as Mrs. Nuway does? Then you wouldn't be tired and your wash would be drying on the line before noon."

You wrong Fels-Naptha, and do an injustice to yourself, if you use Fels-Naptha as an ordinary soap with hot water. It is deadly to dirt, and grease, and germs in cold or lukewarm water. You don't

know what snow-white clothes are till you see them washed with Fels-Naptha. Lots of other ways Fels-Naptha will save you work and time. Directions for all its uses on the red and green wrap-per.

### America's Orange Crop.

America's orange crop can almost supply the world. Florida comes in the market with more oranges than she ever had since the great freeze, five million boxes. Louisiana comes next in the market, the first time in

many years, with one million boxes. The crop in Porto Rico is unusually large, and New York has been getting Porto Rican oranges for several years. Arizona has a full blush crop of irrigation oranges, eighty to the box, forty to the half box, finest in the world, perhaps, except the Bahian. Mexico and Cuba are appealing with a surplus of oranges. California, it seems sad to mention, has raised her regular crop. Where will they go?—New York Press.

Great Britain's foreign trade in nine months of the present year has increased 4½ per cent. Imports have risen \$7,290,000 and exports \$5,899,000.

## HIDEOUS MURDER FOLLOWS ASSAULT

CAIRO YOUNG WOMAN FOUND DEAD IN ALLEY.

Bloodhounds Trail the Murderers to House and Then to City Jail.

SEVERAL ARRESTS ARE MADE

Calro, Ill., Nov. 10.—Never before in the history of Calro were the people so much aroused about a crime committed in their midst as they were yesterday over the finding of the body of Miss Anna Pelly in an alley near Twenty-sixth and Elm streets yesterday morning. The body was first found by a little 3-year-old child of Mr. and Mrs. William Boren, who reside on Twenty-fifth street. The child was going to its grandfather's house and started to go through the alley, but returned saying that there was something in the alley of which it was afraid. An older child was sent with the little one and both returned saying, "Papa, Boren's some one dead out there. Mr. Boren went out to investigate and says the sight that met him made his blood stand still."

The body lay at one side of the alley, about 100 feet from Elm street and it was in a horrible state; the face blackened and drawn in lines of agony, a gag in the mouth, blood running from the mouth, throat bearing the imprints of cruel fingers, clothing torn to shreds exposing the body, eyes set in death, hands clenched, the soft ground round about showing deep marks of the fearful struggle the poor girl must have made for honor, which was dearer to her than life.

This was about 9 o'clock in the morning after dozens of people must have passed the alley on Elm street and on Sycamore street, but none had chance to look down the alley to see the body, which must have lain there all night.

Mail Carrier Carraher, who came upon the scene shortly after the discovery, notified the police department. Up to this time no one had positively identified the body. The young lady was well known in the neighborhood, but her features were so distorted and blackened that it was not until her sister came upon the scene that she was positively identified.

Chief Egan and several officers hurried to the spot and Coroner McManus was notified. The latter was at the hospital engaged on an operation and ordered the body to be carefully removed to Mrs. Feith's undertaking establishment, at Tenth street and Washington avenue.

The chief made a careful examination of the spot where the body lay, but no clue was found to the perpetrator. The young woman was known to have an alligator hand bag and a bundle of red dress goods, both of which were missing. A book of street car tickets, with one ticket in it, was found on the ground near the body. The young woman's umbrella was found near her also, but the handle was missing and the steel rod at the end was bent, showing that the handle had been violently torn off. The handle was found later in the yard of Mr. Julian Lipe, at 424 Twenty-sixth street, several doors from the home of the murdered woman, the home of her sister, Mrs. John Coffman, 420 Twenty-sixth street.

### Bloodhounds at Work.

In the absence of any clue to the murderer, the chief, by direction of Mayor Parsons, ordered bloodhounds from Wickliffe, Ky., Charleston, Mo., and Harrisburg, Ill. Mr. Wiley, of Wickliffe, was the first to respond arriving about 1 p. m. Mr. Wiley took the piece of cloth from the mouth of the victim to give the dogs the scent. The animals were taken to the scene of the crime in a buggy and on arrival there were led to the spot by chains held by their owner. A great crowd of people were gathered at either end of the alley and on the sheds and fences on either side. The ground had been trampled over all morning. But on reaching the place where the body had been the animals took the scent readily and ran barking and yelping eastward to Sycamore street and then eastward on Twenty-sixth to the house at the corner of Poplar street, No. 2515 Poplar, a tenement house occupied by several negro families. The dogs went upon the porch and to the rear door and barked, giving every indication that the scent led them into the house by that entrance.

The dogs were taken back to the starting point and again went over the same trail, stopping again at the same door; and a third and fourth time they went over the same ground. About 3 p. m. Sheriff Culp, of Charleston, Mo., arrived with his dogs and these were put on the trail with those of Mr. Wiley and all the dogs made the same trip as at first. They were then started eastward on Twenty-sixth street toward Commercial avenue, but lost the trail, showing that the trail stopped at the house named.

With a view to trailing Miss Pelly's steps after she left the street car to walk to her home the dogs were started along Elm street, but found no scent. The Harrisburg dogs arrived last night, but so great was the crowd of

### A WOMAN'S BACK.

The Aches and Pains Will Disappear if the Advice of This Paducah Citizen is Followed.

A woman's back has many aches and pains.

Most times 'tis the kidney's fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it.

Many Paducah women know this. Read what one has to say about it. Mrs. Silas Jones, 1148 North Thirteenth street, Paducah, Ky., says: "I suffered severely from a lame and aching back and at times I was hardly able to get around. Another source of annoyance was the frequent dizzy spells which came in the morning. I had always known of Doan's Kidney Pills and finally deciding to try them, I procured a supply. They quickly worked wonders, improving my condition in every way. I cannot say too much in praise of Doan's Kidney Pills as I know they are an excellent medicine for kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

people gathered for blocks about the scene of the tragedy that Chief Egan decided not to try them till some time after midnight.

### Several Arrests Made.

The house at which the dogs stopped was locked at the time the dogs reached it, the occupants being away. But when the dogs reached the door the third time a negro woman living across the street brought Chief Egan a key and he entered. The dogs and officers went through the house, finding all the rooms open but one. This was broken open by order of the chief and it too was thoroughly searched. The dogs gave no sure sign that the scent prevailed in the house and no suspicious articles were found excepting a man's coat, which was muddy, and was taken possession of. This was in the room which had been locked, which was the home of a negro of bad reputation, named Lovie Green. This woman was found by Officers Magner and Hagey in a shed on the same premises in the act of washing a piece of white cloth. She was arrested and the piece of cloth she was washing, being similar to that found in the mouth of the dead girl, was taken possession of by Chief Egan. Her lover, William James, alias "Frog," was next arrested and both taken to the city jail. The cloth is such as is used in making flour sacks, a thin gauzy stuff somewhat heavier than good cheesecloth. The woman and man were confined in separate cells and later were subjected separately to the "sweat box" process in the presence of the chief, state's attorney and coroner. Their stories did not agree. The man is a driver for the Calro Ice and Coal company and was arrested while on his wagon. In reply to questions asked him he said he was at the house shortly after 6 o'clock Monday evening and was with the woman. The latter said she was not at the house at all, from 4 o'clock in the afternoon till about 9 o'clock at night and James came to her room shortly after 9 o'clock that night.

Sheriff Davis arrested Arthur Alexander and Ed Thomas, two negroes who occupy part of the house indicated by the dogs. One of these works for the Scudder-Gale-Warren company and the other for P. T. Langan. They are rounders to some extent, the former bearing a bad reputation. Both made plausible statements as to their whereabouts on Monday night and there is no evidence against them to speak of. The bloodhounds owned by William Keener, of Harrisburg, Ill., came down last night and were set on the trail shortly after midnight, at the spot where the body was found. They went over practically

the same ground as the other dogs three times and then lost the trail. The fourth time they followed it out Twenty-sixth street to Commercial avenue, where Officer Casey had arrested the negro coal driver, William James, in the afternoon. They took up the trail there and followed it down Commercial avenue to the city jail and directly to the cell in which James was confined. When Officer Casey arrested the negro the latter's clothing was wet and it transpires that the Green woman washed his underclothing, which was bloody. The fourth and successful trail was made shortly after 2 o'clock in the morning.

### The Coroner's Inquiry.

Coroner McManus devoted nearly all of yesterday to an inquiry regarding the case, trying to find witnesses who might be able to throw some light on the movements of the girl after she left the store where she was employed, to go home. He had a number of street car men summoned and questioned scores of men and women closely, especially friends and intimate associates of the girl.

As to the condition of the body the doctor said there was no question that the poor victim had been criminally assaulted and that she was a virgin. The throat bore the marks of fingers tightly pressed upon it, and one of the nails leaving a red mark in the flesh on one side. The gag had been thrust into the mouth with such cruel force that the tongue was lacerated and it extended deep into the throat. It was so tightly wedged in that considerable force had to be used to withdraw it between the set teeth when it was desired to use it for the bloodhounds. There was a contusion over one eye, and the right jaw bore unmistakable proof of having received a powerful blow, for it was swelled as was also the side of the neck, but the jaw bone was not broken.

The coroner learned from Miss Dolan, who was the dead girl's chum, that the two girls were in the habit of leaving their places of employment together and walking up Commercial avenue to Fourteenth street, where Miss Dolan lives with her uncle, Martin Kane, a shoe repairer. There they always parted. Miss Pelly going west on Fourteenth street to Washington avenue to take a Holbrook avenue car for home. Usually Miss Kane, a niece of Miss Dolan, accompanied Miss Pelly to Washington avenue, but on Monday evening the latter went alone.

The dead girl was well known to several street car conductors, as she rode daily on their cars. Conductor Dainsworth, of the Holbrook avenue car, was on duty Monday evening and remembers receiving Miss Pelly on his car Monday evening, the car reaching Fourteenth street and Washington avenue at 6:19 o'clock. The conductor says Miss Pelly nearly always left his car at Twenty-eighth and Sycamore streets, walking down Sycamore to Twenty-sixth street, where she lived, but on Monday night she left the car at Twenty-eighth and Elm streets, one block west of Sycamore. Although the car was crowded, it being the busy part of the day for the cars, he remembers this circumstance distinctly, because the car stopped at Twenty-eighth and Sycamore also and two ladies got off, neither of whom was Miss Pelly. The car reached Twenty-eighth and Elm streets about 6:30 o'clock.

From this and other statements received by him, Dr. McManus concluded that the dead girl walked down Elm street and turned east on that street toward her home; that she was met by the murderer when near her home and accosted by him; that she struck him over the head with her umbrella, striking so hard that the steel rod was bent and the wooden handle flew over the low fence into the yard where it was found 10 feet from the sidewalk; that the scoundrel then felled her to the ground with a terrific blow on the side of the face, gagged her and carried or dragged her to where the body was found, where after accom-

Gardiner, Maine.—"I was a great sufferer from a female disease and weakness. The doctor said I would have to go to the hospital for an operation but I could not bear to think of it. Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S. A. Williams, R.F.D. No. 14, Box 39, Gardiner, Me.

So. West Harbor, Me.—"I suffered for years with painful periods, backache, headaches, nervousness, irregularities and inflammation. I consulted two physicians and one advised me to have an operation."

"I was completely discouraged when I decided to try Lydia E. Pinkham's Vegetable Compound, and it has made me a well woman. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Lillian Robbins, South West Harbor, Me.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

## STRUGGLE FOR SUPREMACY

Washington, Nov. 10. (United  
Press.)—The feverish struggle for  
naval supremacy which has, up to the  
present time, centered upon the con-  
struction of fast battleships of the  
Dreadnaught type, may shortly veer  
to the problem of torpedo attack as  
the next best method of destroying  
the big vessels which are being  
launched from the shipyards of the  
world powers. The present large bat-  
tleships will probably be outdone in  
size by those now being designed,  
but it is the opinion of naval con-  
structors that the limit has been  
nearly reached. Military experts are  
now devoting themselves to other  
qualities which may make them still  
more formidable or less formidable  
as the case may be.

There is still something to be done  
in the way of big guns. To this end  
the United States navy is making  
ready for its experiments with the  
new fourteen-inch rifle which is to be  
tested at Indian Head, the naval  
proving grounds. This huge piece of  
armament is now due at the naval  
gun factory at Washington, where it  
is to be rifled and where the breech  
mechanism is to be attached. At a  
steel plant near Washington, the  
huge sixteen hundred pound projec-  
tiles will fire are being finished.

The particular value of the new  
gun is not in its increased range or  
increased size essentially. Its muzzle  
velocity is less than that of the present  
twelve inch guns. Its trajectory,  
the line of flight of the shell,  
will therefore be much higher. The  
higher the shell goes the less likely  
it is to ricochet when it strikes the  
water. On the contrary it is more  
likely to continue its downward flight  
through the water with the possi-  
bility of striking the ship it is aimed  
at below the armor belt. To offset  
this possibility, the United States has  
recently followed the practice of  
other nations in building longitudi-  
nal bulkheads the entire length of the  
ship to prevent sinking in case the  
side were penetrated.

The probability of getting under  
the enemy's armor belt is somewhat  
enhanced, therefore, by the larger  
lower powered guns. If these are  
satisfactory, as the forthcoming tests  
will determine, they will probably be  
installed on the next big battleships to  
be built for the American navy.  
The other method of penetrating a  
ship's vitals by getting below the  
water line is the use of the torpedo.  
The old type of torpedo, which is  
little more than a shell with a quan-  
tity of gun-cotton which explodes on  
contact is not necessarily fatal to a  
battleship. The bulkheads protect the  
vitals, and save for a compartment  
or two being filled with water, the  
vessel is as dangerous as ever. In-  
creasing the quantity of gun-cotton  
only slightly increases the effect of  
the explosion.

## NOW SOLD IN AMERICA.

In Less Than Three Years, Parisian  
Sage, the Splendid Hair Tonic, is  
Sold All Over America.

There is a reason for the phenom-  
enal sale of Parisian Sage in the  
United States during the past three  
years.

And the reason is plain to all:  
Parisian Sage does just what it is  
advertised to do.

Ask W. J. Gilbert about it, he will  
tell you that he rigidly guarantees it  
to cure dandruff, stop falling hair or  
itching scalp in two weeks or money  
back.

There is no reason whatever why  
any man or woman should fail to  
take advantage of the above generous  
offer.

But one thing that has made  
Parisian Sage so famous is its pecu-  
liar power to turn the harsh, unat-  
tractive hair that many women pos-  
sess into luxuriant and radiant hair  
in a short time. Women of refine-  
ment the country over are using it  
and it never disappoints. Read this  
letter:

"I procured Parisian Sage and  
found that it was a great hair tonic  
and cleanser. I have used other pre-  
parations, but Parisian Sage cleaned  
the scalp, stopped all irritation, made  
my hair fluffy, silky and left no trace  
of stickiness as some other hair tonics  
had." Mrs. Sarah Sanderhoff, 1463  
N. Washington St., Owosso, Mich.,  
June 22, 1909.

Sold by leading druggists every-  
where and in Paducah by W. J. Gil-  
bert for 50 cents a large bottle. The  
girl with Auburn hair is on every  
package; mail orders filled, charges  
prepaid, by the American makers,  
Giroux Mfg. Co., Buffalo, N. Y.

States navy, conceived the idea of  
putting a gun inside the torpedo  
which would, on contact, fire a shell  
into the ship which would penetrate  
the bulkhead, bunkers and whatever  
might be in its path and explode in  
the interior of the ship, where it  
would do tremendous damage either  
by disabling the engines or by firing  
a magazine. This weapon is still in  
the experimental stage, but the navy  
department has perfected it, except  
for a few minor details, and it will be  
ready for tests, very likely, within a  
few months.

In principle, the new Davis torpedo  
is practically a gun within a gun.  
The torpedo is fired or launched from  
the tube and in turn shoots the shell  
on contact with the target. As its  
course lies under the surface of the  
water, the heavy armor is useless in  
defense against it. Moreover, the  
larger ships of the Dreadnaught type  
are giving so much attention to big  
guns that secondary batteries which  
would be used against torpedo boats  
are being cut down.

The French are especially interest-  
ed in the development of this feature  
of naval warfare. The usual range  
for a torpedo at present is from two  
thousand to three thousand yards  
with fair accuracy. At one thousand  
yards the percentage of hits is very  
high. To get to this range the tor-  
pedo boats and submarines must rely  
on stealth, as the batteries of the  
warships could demolish them at a  
much greater range.

It is significant that the United  
States has added a number of subma-  
rines to the naval list this year.  
These are being put through difficult  
paces, and the Charleston navy yard  
has been made the headquarters for  
the submarine and torpedo flotilla.  
Speedy destroyers, the fastest vessels  
afloat, have also been launched and  
tried during the past summer.

## Shah Has Newspaper Habit.

Odessa, Nov. 9.—The ex-shah of  
Persia, who is living here under the  
protection of the czar, is tramping  
the city day and night, gathering im-  
pressions of the civilized world. Be-  
fore he left Persia he had never seen  
a railway car, steam or printing  
press. He had never ridden in an  
elevator—never heard of such a  
thing. Sanitary arrangements were  
entirely unknown to him, and that  
men and women walk erect in his  
presence without shedding their boots  
and knocking their forehead on the  
pavement, is a perpetual element of  
wonderment to the former tyrant.

He has got the newspaper habit—  
not for himself, of course, for he can  
read Persian only, and is rather defi-  
cient in that, but, nevertheless, he  
buys every newspaper he sees and  
has its contents translated to him on  
the spot.

He has engaged a Russian teacher  
and is eager to learn the difficult lan-  
guage. He now recognizes his chief  
wife only, the other members of his  
harem have been degraded to the  
ladies of the court. There are ten of  
them, and a number of male guard-  
ians—Turkish fashion. The seven-  
year-old daughter and two small sons  
accompany the couple and the shah  
obliges everybody to address him as  
"majesty." Once a week the ex-king  
of kings receives through the Russian  
authorities news of his other chil-  
dren, the present shah and his  
brother.

## DEMAND INCREASE

CONDUCTORS AND TRAINMEN OF  
EASTERN LINES UNITE.

General Managers of Railroads Some-  
what Disturbed Over the Labor  
Situation.

Chicago, Ill., Nov. 10.—Demands  
for uniform schedules and a wage  
increase of about 12 per cent are to  
be made by conductors and trainmen  
on every railroad system east of Chi-  
cago. The movement involves 125,-  
000 men and includes every railroad  
east of the Illinois Central main  
northern line and north of the  
Chesapeake and Ohio railroad. It is  
said to be the most stupendous wage  
movement ever attempted by the rail-  
road brotherhoods.

Incidental to the demands on the  
eastern railroads, the switchmen and  
yardmen in Chicago are asking a  
wage advance of 5 cents an hour.  
Switchmen and yardmen in St. Paul  
and Minneapolis are also moving for  
an increase.

Locomotive firemen on all the  
roads west of Chicago are also taking  
steps to have existing schedules open-  
ed and are after a wage increase.  
The only men who are not involved  
are the locomotive engineers. While  
no strike vote has yet been consid-  
ered by the brotherhoods, the general  
managers are seriously concerned  
over the situation. The Brotherhood  
of Railroad Trainmen and the Order  
of Railroad Conductors are acting  
jointly in the eastern movement, as  
they did in the spring of 1907, when  
uniform schedules were signed by the  
western roads.

## Lower Compensation East.

Wages of conductors and trainmen  
on railroads east of Chicago are about  
in per cent lower than the operatives  
in the west, and the movement for  
the increase is said to be entered into  
jointly by the Brotherhood of Rail-  
road Trainmen and the Order of Rail-  
way Conductors.

## Women Judges.

A woman has just been made a  
judge in Denmark, and the Danish  
women are boasting that it is the  
first time in the history of the world  
that such an office has been given to  
a woman. The suffragists of the  
United States reply by pointing to  
Mrs. Esther Morris, of Wyoming,  
Mrs. Catherine Waugh McCulloch, of  
Illinois, and Mrs. Mary Cooper, of  
Kansas. The Jewish women add to  
this list Deborah, the wife of Lapi-  
doth, who not only judged the people  
of Israel for forty years, but led their  
forces to battle because the general  
refused to go without her.

"I can't thing, dear. I'm singing

20 Years  
With Heart Trouble

"Dr. Miles' Heart Remedy has  
cured me of heart disease of  
over 20 years' standing. I was  
so bad that I could not do my  
work, and could scarcely draw  
a full breath without fainting or  
smothering. The doctor told me  
he could do no more for me;  
then I commenced taking the  
Heart Remedy. I shall never  
forget that night. I slept better  
than I had before in months. I  
kept right on getting better, un-  
til I was perfectly well."  
MRS. LAURA RUSSELL,  
Logan, Iowa.

When the heart action is  
weak, it fails to pump the blood  
through the lungs with sufficient  
rapidity. Then the lungs do not  
absorb the proper amount of  
oxygen, although they may be  
taking in a normal amount of  
air. The result is shortness of  
breath, smothering spells, diffi-  
cult breathing, oppressed feeling  
in chest. Dr. Miles' Heart Rem-  
edy strengthens the heart nerves  
and muscles, and in this way  
increases the circulation.

Get a bottle from your drug-

## CROWDS GROW LARGER JUST AS THE HEALTH TEACHER PREDICTED

Again All Are Requested, Who Possibly Can, to Call on Him  
at Once to Avoid the Later Crush--A Word  
to the Wise is Sufficient.

From 9 o'clock Saturday morning until 5 o'clock in the evening Fisher was indeed a busy man at McPherson's drug store, corner Fourth and Broadway. He has been read and talked about so much that there was great anxiety to meet him. Strange to say, many people left the drug store disappointed because Fisher would not supply them with his Quaker remedies. But there is a reason for this. Fisher is proud of the reputation already established for himself and the Quaker remedies. He wishes to prove that these remedies cure certain but not all complaints, and therefore it is when some people explain their ailments, he refuses to sell them the remedies, because he knows they will be of no benefit. The callers he desires most particularly are sufferers of rheumatism, catarrh, constipation, kidney, liver, stomach or blood troubles. Such complaints will vanish with the use of Quaker, and if they don't the price of the remedies will be refunded. This is a fair, open, honest offer, and would never be allowed to be made through the firm of McPherson unless it was carried out. Therefore come with

confidence, ask for Fisher, and if he thinks Quaker will help you, he will tell you so; and if he thinks they will not benefit you, he will not offer the remedies.

Many people, surprising to say, are afflicted with tapeworms, which cause much misery, pain and very frequently death. A remedy for the expulsion of such tapeworms has long been sought for. It has been found in Quaker Extract, and therefore any afflicted person should call on Fisher at once and he will prove that Quaker Extract will expel the worm, complete with head, and unless it does the work no charge is made.

The best thing to do is to force Fisher to prove what he says. He is ready; it is up to you. He can be seen at McPherson's drug store daily from 9 a. m. to 5 p. m. When Fisher publishes a testimonial the name and street address of persons cured is invariably given, so that it can be investigated by mail, phone or letter. Promises amount to nothing. You want results and Quaker gives results and Fisher is here to prove it. Call on him at once. It costs nothing to talk to him.

## M'FARLAND WINS IN TEN ROUNDS

CHICAGO IDOL GETS DECISION  
OVER "CYCLONE JOHNNY."

Old John L. Sullivan May Act as  
Referee of the Jeffries-  
Johnson Fight.

### NEWS OF THE PRIZE RING

Kansas City, Mo., Nov. 10.—Packey McFarland, the idol of the Chicago stockyards district, was given the decision over "Cyclone Johnny" Thompson, of Sycamore, Ill., in a whirlwind ten-round fight here last night.

The battle was that of a scientific boxer who was able to hit and get away, against a man whose main asset is slugging and who could not get near enough to his shifty opponent to land.

In but one round—the second—was Thompson able to send home enough telling blows to make it appear that his strength would carry the fight home to him. But with Packey hanging on, and making the most of his wonderful foot work, the "Cyclone" could not corner him. After that round there was little doubt as to the outcome, although Thompson took a brace in the last three rounds and did some good work.

A mighty shout of approval went up when, at the end of the tenth round, Referee Joe Coffey, of Chicago, raised Packey's right hand, signifying that he had won. A few of Thompson's friends clamored for a draw, but the decision was popular in the main.

Wearied by the terrific pace, McFarland did not realize that he had won. Two minutes after the decision had been rendered he hurried across the ring to the press box and asked: "Did I win?"

### Jeffries Operated On.

New York, Nov. 10.—James J. Jeffries yesterday underwent an operation on his nose for the purpose of perfecting his breathing apparatus, and the operation was pronounced successful. After it was over Jeffries declared that he never felt better in his life, and that it is only a question of taking off some superfluous weight before he would be ready to enter the ring with Jack Johnson.

### John L. Sullivan May Referee.

New York, Nov. 10.—John L. Sullivan, who has been mentioned as a possible referee for the Jeffries-Johnson fight, has this to say about it:

"If I am asked to officiate I will accept. The American public knows me and my reputation, and that I would render a fair and unbiased verdict. If I am the third man in the ring there will be no loafing or stalling. The men will have to fight from the handshake till one or the other is beaten. I will guarantee the public a run for its money."

Jeffries has a black eye, the result of his first public exhibition boxing bout with Sam Berger since arrangements for his fight with Johnson were made.

Mrs. John W. Keller and daughter, Miss Anita Keller, and Miss Mary Wheeler arrived safely today on the steamer George Washington from Europe. Misses Keller and Wheeler will remain in New York to continue their studies, while Mr. John Keller will accompany Mrs. Keller home.

Mrs. Charles K. Wheeler left Tuesday for New York to meet her daughter.

### River and Weather.

The gage at 7 a. m. today was 4 feet, a fall of three-tenths since yesterday morning. Weather clear and warmer and business good.

### River Replies.

With a tow of ties the towboat W. T. Hardison arrived yesterday evening from the Tennessee and departed this morning after another load.

The City of Saltillo leaves St. Louis at 5 o'clock this afternoon for the Tennessee, reaching here tomorrow evening.

The Royal got in from Pine Bluff yesterday afternoon and left for a

return trip this morning at 9 o'clock. The Clyde is receiving freight at the wharfboat and leaves for Waterloo, Ala., at 6 p. m. today. She returns next Monday.

After completing her work up the Tennessee river the U. S. lighthouse tender Goldenrod came to this port yesterday late and this morning took on a supply of coal, leaving for her port at Cincinnati. She has been in this vicinity working several days.

Pilot Tun Lovell, of Nashville, well known here, arrived last night and today went out on the Dick Fowler, relieving Joe Smith.

Emmett Graves, third clerk on the Clyde, will be able to resume his duties today after a week's illness.

Grover Neblett, who has been night own at the wharfboat, today went out on the Royal as second clerk.

Mr. C. M. Riker, general manager of the West Kentucky Coal company, is in Caseyville on business looking after the company's mining interests. From Jopka, Ill., the towboat Conder came up last night with a tow of empties and left for the Rosi Clare mines after a tow of spar. She is due back tonight en route to Jopka.

On her first trip to Cairo in several weeks the Dick Fowler went aground at Grand Chain last night and was delayed some time, finally being pulled off by the towboat Conder. She arrived here nearly at mid-night and was not damaged.

Sam, a yellow colored shepherd dog, owned by a farmer at Calloway, several miles up the Tennessee river can distinguish the whistle of the steamer Clyde, and meets the boat every trip in and out. The dog has rare intelligence for a dumb animal, and is a favorite with the entire crew from captain down to the roughest abouts. Every time the boat whistles for the landing, no matter where Sam is at the time, he races to the bank, barking and wagging his tail. When the boat lands the dog is fed by the crew. He has been meeting the boat for several years and is as familiar with the Clyde's whistle as her own commander, Capt. Wright.

Misses Grace and Clara Stewart and Ruth McChesney have returned to Paducah, after a visit to Miss Ruth McNeill, of 221 Sixth street, Cairo.

## WILL APPEAL GOMPERS CASE

U. S. SUPREME COURT WILL PASS  
ON BUCK STOVE DECISION.

Protest Entered Against Use of Injunction Except in Cases Where Restraining Order Would Lie.

### LABOR FEDERATION DECIDES

Toronto, Ont., Nov. 10.—The executive council of the American Federation of Labor, in its report to the convention, recommended that an ap-

peal be taken to the United States supreme court from the jail sentences imposed on President Gompers, Vice-President Mitchell and Secretary Morrison for contempt in the Buck's Stove and Range company boycott case.

The council recommends also that an appeal be taken in the original injunction case, the alleged violation of which resulted in the contempt proceedings against the three labor leaders. The report says in part:

"We can not permit these decisions to go unchallenged. They affect fundamental rights, and either the courts or congress must safeguard them."

"We again enter our protest against the application of the writ of injunction in labor disputes (unless where an injunction would lie if there were no labor disputes)."

### Interfere With Liberties.

"We held that the ordinary use of the injunction writ in contentions between workers and employers is an unwarranted interference with the

rights and liberties of the workers, and is intended, and its influence used to intimidate workers, especially when they are engaged in a struggle for improved working conditions. It is a fact, however, that such injunctions are issued."

The report says that after exerting every effort to induce state and central bodies to comply with the federal constitution and suspend the proceedings against the three labor leaders' union, a number of these state and central bodies have been suspended, including Dallas, Tex., and Sherman, Tex.

Congressman William B. Wilson, of the miners' delegates, has drawn a bill for old age pensions to the next congress.

The report favors "industrial training which will give our boys and girls such training as will help them to advance after they are in industry."

Harmony With Farmers. The council favors the growth of

harmonious relations between the Farmers' unions of the country and the American Federation of Labor.

Concerning the execution of Ferrer, the report says:

"The execution of Ferrer in Spain has aroused a world-wide sense of indignation and protest. At our meeting held at headquarters shortly after his execution we adopted resolutions expressive of organized labor's protest for the cause of free speech, free press and free education, which has found in Ferrer another martyr."

Following the submission of the report of the executive council, the convention adjourned until 9 o'clock tomorrow. The delegates were given a trolley ride around the city and were entertained at a theater.

—Mr. and Mrs. Bahr, of 1407 South Sixth street, were notified this morning by telegraph that they are grandparents of a fine baby girl, born to Mr. and Mrs. P. P. Brockman, of Attalla, November 9.

## COAL! COAL! COAL!

Experience of ten years, handling coal from every mine accessible to Paducah, TAYLOR COAL, has given the best satisfaction, and, as the consumer is the best judge and the one to please, we have decided to handle no other. Never clinkers; no slate; no slack; burns to a fine white ash and will beat any coal in the world for holding fire all night. We have found it the best, those that tried it found it the best, if you try it you will find it the best, and have no other. Be sure and get our prices before buying.

Now is the time to place your coal order for the winter. And every coal dealer will tell you his is the best. Unlike other dealers, we are not under salary or contract to sell coal from any one coal mine and to tell you it is the best; but an ex-
